# Patron-in-Chief's Message

In the name of Allah, the Merciful, The Most Beneficent, the only owner of the day of resurrection, praise be to the Lord of all World. Prayers and peace be upon our Prophet Hazrat Muhammad (SAW).

I feel really honored to be a Patron-in-Chief of Laeeque Rafiq Foundation (LRF). Laeeque Rafiq Hospital (LRH) is not only treating people but also giving them new hope, life and reason to live by counseling and comeback. I would like to appreciate the entire team of the Laeeque Rafiq Foundation/Hospital for performing their duties to serve the humanity. As serving humanity is our aim.

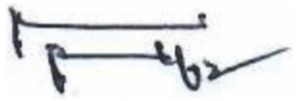

Today, economic conditions are very tough in the whole country. I am delighted to say that Laeeque Rafiq Foundation led with our values, taking a “People first approach, prioritizing well-being and healthcare”.

After introduction of health card. Laeeque Rafiq Hospital is playing a very effective role to maintain its reputation by serving the patients more prudently. This project of Health card have been running in Laeeque Rafiq Hospital very successfully and proving a great value to far and adjacent community.

Apart from this, the other various projects in hand will also go a long way in services of the community. I request you all to visit the Laeeque Rafiq Foundation/Hospital whenever you feel comfortable. I thank to all well-wishers who have always supported us to achieve our noble cause.

I want to conclude once again by thanking board members, our team who are working obstinately to realize our bold and aspirational ambitions where our communities have been tested and stretched, they have shown profound dedication and resilience I am honored to be leading this team.

**MAY ALLAH BLESS YOU ALL!**

**Ch. Muhammad Rafiq**

Patron-in-Chief
Laeeque Rafiq Foundation

# Preamble

In Pakistan there is a big concern to fulfill the population's food requirements from recent decades, although meeting these needs remained more difficult for illiterate, underprivileged, minors, and pregnant women and their new born babies. Although most women are aware that healthy eating is important during pregnancy, women may lack knowledge of specific dietary recommendations or may not have the skills required to improve their diet.

Laeeque Rafiq Foundation is providing free of cost services to women deliveries except medicine's expense since its origin back in 2012. However, affording person can pay if he/she has the ability to pay. From a population of approximately 01 Million of Lar and its surrounding areas, a very few percentage move towards LRF/LRH for delivery cases (Detail Attached). Pregnancy is a critical, vulnerable state, where maternal nutrition and lifestyle constitute the main influences on the health of both mother and newborn.

During pregnancy, the need for balanced food, especially micronutrients, increases compared to other stages of life, leading in turn to higher nutritional requirements. Inadequate maternal nutritional intake during pregnancy may lead to negative short-and long-term health consequences for both the mother and her child. Previous studies have shown that if such behaviors are not adopted, there is an increased risk of adverse pregnancy outcomes including low birth weight, preeclampsia, pre-term birth and neurodevelopment spectrum disorder etc.

Supportive strategies within antenatal healthcare settings are urgently required to deliver an equitable health response for vulnerable women. To fulfill this gap, LRF is planning to offer food facilities to pregnant women and their new born babies in this deprived area in order to meet food and other nutritional requirements that are essential for preeminent treatment of mother and child during the period of pregnancy.

# Background/History of Multan

The city of Multan with its poor suburbs and far flung areas is deprived of proper health care facilities. This is mainly due to extremely poor expenditure on health, education and human resources.

The health care provided in various hospitals within the reach of the common man, is far from satisfactory. In fact, the majority of the ordinary every day health problems magnify to chronic illnesses mainly because of lack of either the infra structure or human resources.

The anguish and agony of a family member in pain because of some illness is quite common and it is especially pronounced when they hail from the impoverished section of the society.

# Introduction

to

# Laeeque Rafiq Foundation/Hospital

Laeeque Rafiq Foundation was established in 2009 to esteemthe reminiscence of late Ch. Muhammad Laeeque Rafiq.Currently, Laeeque Rafiq Foundation is running a 100-bed charity hospital in Multan, providing free/subsidizedmedical treatment to the deprivedand penurious people of South Punjab. Moreover, the Laeeque Rafiq Foundation is also operating mother and child satellite clinics. In these clinics, free medical care is available to the people living in the remote areas of Multan. Furthermore,the foundation has also established Laeeque Rafiq Institute of Health Sciences (LRIHS)a healthcare professional educational institute within the domain of healthcare.

The basic and principal objective of establishing this professional education institute is uplifting the socio-economic status of the people andreducing poverty in this area by providing job-oriented professional education and training to the youth of this region. The provision of professional education shall enable the youth of this area to earn their livelihood respectfully and with dignity. This in turn will result in reduced unemployment, increased disposable income per family, and a diminished crime rate in this area.

It may be worthwhile to mention here that since its establishment, more than 1.75 million patients have been treated in various departments of Laeeque Rafiq Hospital, at Mother and Child satellite clinics, and in numerous periodic free camps organized by the Laeeque Rafiq Foundation. Moreover, more than 80% of the students who have completed their professional diplomas/certificate/ degrees from Laeeque Rafiq Institute of Allied health science shave been successful in securing job placements in public and private organizations.

## Our Mission

We are providing:

1. State of the art, yet affordable, healthcare services to the patients.
2. Free of cost healthcare services to Mother and Child.
3. Practicable and future of oriented paramedical and nursing education to the youth of our targeted population.
4. We relentlessly indulge in conducting research specifically aimed at improving our services and exploring the relevantneedsof the focused population.

## Our Vision

Laeeque Rafiq Foundation strives to bring forth socioeconomic uplift amidst our targeted population, by providing topnotch healthcare services Paramedical & Nursing education and research for continuous improvement and growth

# Performance Report

The annual performance report for Laeeque Rafiq Hospital, covering the period from July 1, 2023, to June 30, 2024, includes key statistics collected from various departments of the Laeeque Rafiq Foundation and Hospital. These statistics highlight the found ation's efforts to fulfill its mission and adhere to the vision established by its founding members.

Laeeque Rafiq Hospital offers a range of services, including the Emergency Department, Outpatient Department, Inpatient Department, Intensive Care Units, Pediatric NICU, Labor Rooms, Pathology Labs, Non-invasive Diagnostics, and Pharmacy, among others. Additionally, the Mother and Child Satellite Clinics provide specialized treatment and diagnostic facilities for women and children.

The Laeeque Rafiq Institute of Health Sciences offers a variety of professional, job-oriented courses in the healthcare field. These courses include:

### Four-Year Bachelor Programs:

- BS in Medical Lab Technology
- BS in Operation Theater Technology
- BS in Radiography and Imaging Technology
- BS in Human Nutrition and Dietetics
- BS in Microbiology
- BS in Biochemistry
- BBA in Business Administration
- DPT (Doctor of Physical Therapy)- a five-year program

### Two-Year Diploma Programs:

- Pathology Lab Technician
- O.T. Technician
- X-ray Technician
- Physiotherapy Technician
- Pharmacy (B Category)
- Dispenser

- Community Midwifery (CMW)
- CNA (Certified Nursing Assistant)
- LHV (Lady Health Visitor)

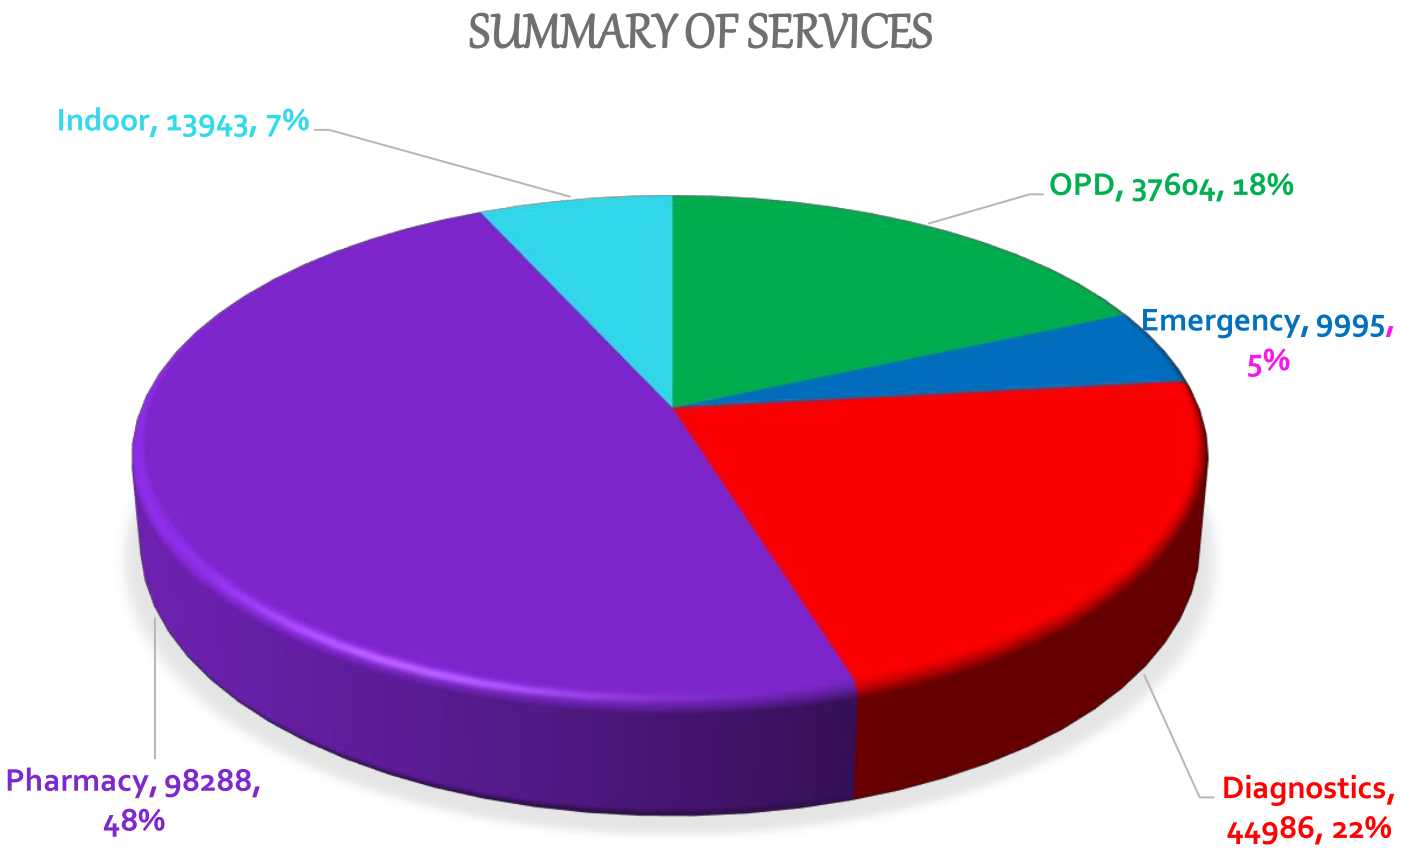

The hospital associated with the institute frequently undergoes inspections by various teams, including the Punjab Healthcare Commission, Punjab Pharmacy Council, and the Pakistan Nursing Council. These inspections consistently receive positive feedback, indicating high satisfaction with the hospital's performance.

- To eradicate extreme hunger & poverty in the targeted area.
- To improve maternal health.
- To imporove gender equality and empower women.
- To provide clinical and other skills services to contribute positively to improving the health status and overall quality of life.
- To prepare students to function as members of a healthcare team.
- To create and develop a world class enviornment for aspiring students to acquire knowledge.
- To educate and guide student community regarding allied health courses and its importance.
- To prepare Allied Health professional personnel to conduct research on providing Healthcare services.
- To excel in the Allied Health Sciences field.
- To provide the skills required to function as an Allied Health professional.

## Our Faculty Members

**Prof. Dr. Muhammad Zabta (Dean)**

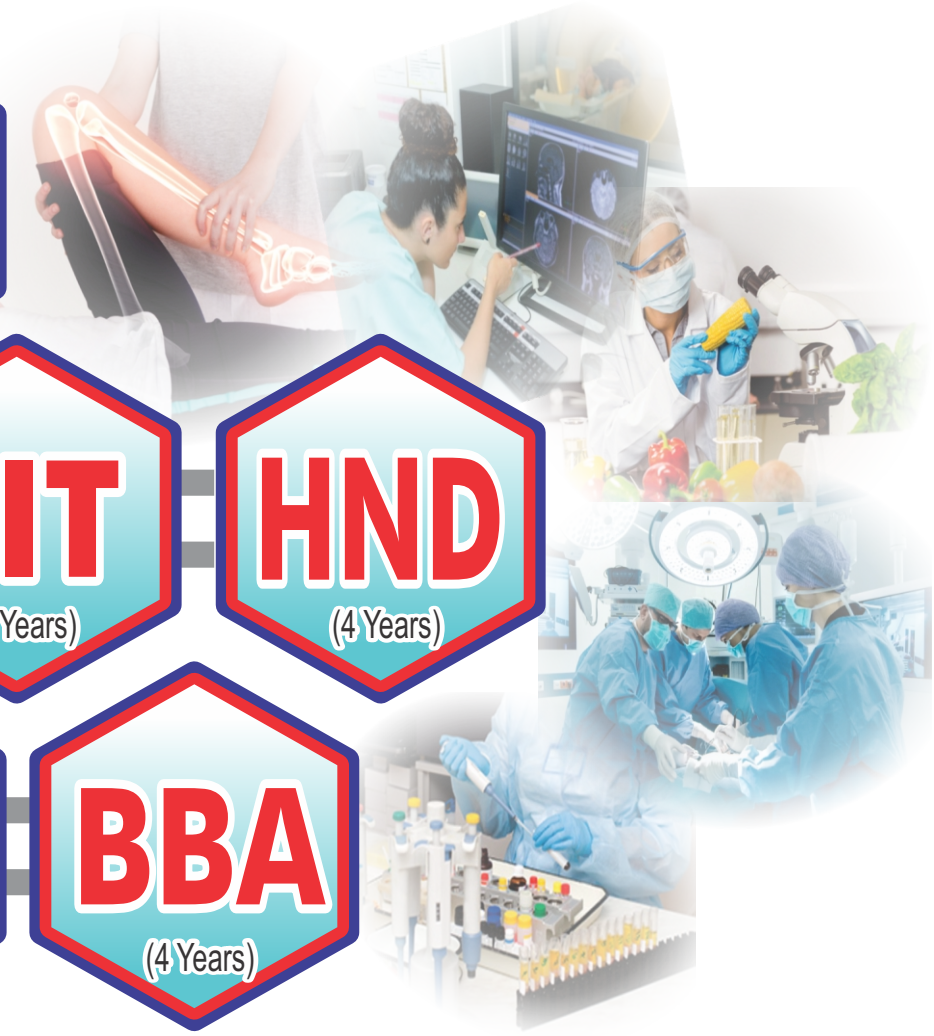

**Muhammad Mumtaz Khan (Principal)**

**Muhammad Gulsher (Vice Principal)**

The faculty views Health Science courses as a profession which makes a definite contribution to Primary Health Care. The scope of paramedical courses includes the prevention of disease, the promotion of health consciousness among individuals, families and community and the care for the sick, injured and infirm in the Hospitals and Community. The concept of comprehensive Health Sciences includes care during illness, care. Health Sciences / Nursing are a dynamic therapeutic and the educative process of meeting the health needs of the society. Effective professional education requires an appropriate connection between the art and science of professional practice.

The faculty perceives education and learning as a process of behavioral change which may be brought about in a climate of mutual trust and understanding. Education for living and for the practice of Health Sciences is based on an understanding of man derived from knowledge of the humanities psychological, social, and biological and physical sciences of human beings. Health as an applied science develops its theory through the analysis and synthesis of observation derived from the care of people in a variety of settings. There should be a constant enlargement of theory directed towards the improvement of Health Sciences practice through scholarly inquiry and research. The faculty accepts its responsibility to make provision in this program for the continued development of the student as an individual citizen and as a professional Institute of Health Sciences.

## Laeeque Rafiq Foundation

## FY 2023-24

## Year Ending June 30, 2024

GHAZI & CO.
CHARTERED ACCOUNTANTS

# Auditors' Report

## Opinion

We have audited the financial statements of **Laeeque Rafiq Foundation,** *(Yaqub Centre) Shara-e-Rashid, Vehari Road, Multan*, which comprise the statement of financial position as at June 30, 2024, and the statement of income and expenditure, statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, (or give a true and fair view of) the financial position of **Laeeque Rafiq Foundation,** *(Yaqub Centre) Shara-e-Rashid, Vehari Road, Multan* and of its financial performance and its cash flows for the year then ended in accordance with the approved accounting and reporting standards as applicable in Pakistan.

## Basis for Opinion

We conducted our audit in accordance with the International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the **Laeeque Rafiq Foundation,** *(Yaqub Centre) Shara-e-Rashid, Vehari Road, Multan* in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (The code), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

## Responsibilities of Management

The management committee is responsible for the preparation and fair presentation of the financial statements in accordance with the approved accounting and reporting standards as applicable in Pakistan, and for such internal control as the management committee determines is necessary to enable the preparation of the financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management committee is responsible for assessing the society's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the society or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the society's financial reporting process.

## Auditor's Responsibilities

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the society's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the society's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the society to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

- On February 1, 2024, a team from Bank Al Habib visited the Laeeque Rafiq Institute of Health Sciences to brief students and faculty about banking.

- Result of Diploma programs of Laeeque Rafiq School of Nursing announced by the Nursing Examination Board Punjab Lahore on 27 Jan 2024.

- Heartfelt condolences on the passing of Mr. Amir Mukhtar, the Joint Secretary of Laeeque Rafiq Foundation. His contributions and service will be remembered by all who knew him.
  The Quran Khwani held at Laeeque Rafiq Hospital on February 3, 2024, was a solemn occasion to honor his memory. Friends, family, and colleagues gathered to recite verses from the Holy Quran, seeking peace and blessings for his departed soul.
  *May Mr. Amir Mukhtar rest in eternal peace, and may his legacy continue to inspire others.*

- On February 16, 2024, the Laeeque Rafiq Hospital team conducted a comprehensive fire safety drill for newly hired employees. The primary objective was to familiarize them with essential safety measures, evacuation procedures, and effective responses in case of a fire emergency within the hospital premises.
  During the drill, participants learned about the following key aspects:

  - **Fire Prevention** : Understanding common causes of fires and how to prevent them.
  - **Emergency Exits** : Identifying exit routes, fire exits, and assembly points.
  - **Fire Extinguishers** : Proper usage of fire extinguishers and their types.
  - **Evacuation Procedures** : Clear instructions on orderly evacuation during a fire alarm.
  - **Communication** : Effective communication among staff members during emergencies.
  - **Role-Specific Training** : Tailored guidance for different roles (e.g., nurses, doctors, administrative staff).

The drill emphasized the importance of quick thinking, teamwork, and maintaining calm under pressure. By actively participating in the exercise, new employees gained confidence in their ability to respond effectively to real-life fire incidents.

- The Laeeque Rafiq Institute of Health Sciences from February 27, 2024 to March 01, 2024 hosted a vibrant and diverse event that combined sports, spring festivities, cultural celebrations, and a captivating musical night. Let's delve into the highlights of each segment:
    - **Sports**: The event kicked off with various sports activities, fostering healthy competition and camaraderie among students and participants. Whether it was cricket matches, football games, or athletic challenges, the sports component added an energetic vibe to the overall festival.
    - **Spring Festivities** : As spring blossomed, the campus came alive with colorful decorations, flower displays, and joyful vibes. Students and visitors enjoyed outdoor picnics, participated in gardening workshops, and celebrated the season of renewal and growth.
    - Cultural Festival: The heart of the event was the cultural festival, where diverse traditions, art forms, and cuisines converged. Attendees explored cultural stalls, tried ethnic foods, and witnessed captivating performances. From folk dances to traditional music, the festival showcased the rich heritage of the region.
    - Musical Night: The grand finale was the mesmerizing musical night. Under the starry sky, talented artists and student performers took the stage. Melodic tunes, soulful renditions, and foot-tapping beats filled the air. Whether it was classical melodies, contemporary hits, or fusion music, the audience swayed to the rhythm, creating unforgettable memories.

- The Laeeque Rafiq Institute of Health Sciences succeeded in bringing together students, faculty, and the community for a memorable event that celebrated life, culture, and creativity.

- Dupatta Ceremony of Laeeque Rafiq School of Nursing was held on May 11, 2024.
- Groundbreaking of Dialysis Ward at Laeeque Rafiq Hospital existing building.
- The Laeeque Rafiq Hospital team conducted a comprehensive fire safety drill for newly hired employees. The primary objective was to familiarize

  them with essential safety measures, evacuation procedures, and effective responses in case of a fire emergency within the hospital premises.

  During the drill, participants learned about the following key aspects:

  **Fire Prevention** : Understanding common causes of fires and how to prevent them.
  **Emergency Exits** : Identifying exit routes, fire exits, and assembly points.
  **Fire Extinguishers:** Proper usage of fire extinguishers and their types.
  **Evacuation Procedures:** Clear instructions on orderly evacuation during a fire alarm.
  **Communication:** Effective communication among staff members during emergencies.
  **Role-Specific Training:** Tailored guidance for different roles (e.g., nurses, doctors, administrative staff).

- The drill emphasized the importance of quick thinking, teamwork, and maintaining calm under pressure. By actively participating in the exercise, new employees gained confidence in their ability to respond effectively to real-life fire incidents.
